AERIAL MAPPING
See Photogrammetry

AIR CONDITIONING
Cells in steel floor become ducts for 220

AIRPORTS
"Asphalt resurfacing of an operating airport" (Ontario Inter. Airport, San Bernardino Co., Calif.), E. J. Woodward, Jr. 908
"Bonding thin concrete to pavements," W. G. Westall 406
Contract awarded for Pan American terminal 802
Contracts awarded for New York International Airport improvement 801
Engineers chosen for new Washington, D. C., airport 464
London terminal serves air, road and rail traffic 224
Portland dedicates new airport terminal building 799
"Prestressed concrete for airfield pavements," Gunnar S. Pedersen 846

ALUMINUM
Aluminum bridge tested at New York University 960
Aluminum curtain walls are feature of Air Force Academy 706
Aluminum in new form for bridges 800
"Aluminum roof proves economical," A. Lipski 729
Discussion by F. Robert Preece 936
Balloons speed erection of aluminum dome building 61
"First welded aluminum girder bridge spans Interstate Highway in Iowa," Ned L. Ashton 761
Reported in ample supply 150
Welded aluminum bridge, Des Moines, Iowa 68
"Wind loading tests on aluminum highway sign supports", J. F. O'Keefe, E. D. Gardner 437

AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE
Invites fellows from ASCE membership 387

AMERICAN SOCIETY FOR ENGINEERING EDUCATION
Better technological education urged at ASEE meeting 630

Employment
Returns from 1958 questionnaire summarized 685

Films Available
"Building a Highway" and "Water Control" made available 946

Honorary Members
Arthur James Dyer dies 130
Charles Breed dies 781
Frank A. Banks dies 131
Three new members named 606, 775

Insurance
More insurance benefits for members 531

Junior Members
Metropolitan Section's Junior Members celebrate silver anniversary 133
New department, The Younger Viewpoint, started in Civil Engineering 612

Local Sections
District 7 conference in Milwaukee 687
Eleventh annual conference of Pacific Southwest Council 542
Hawaii Section host to post-convention tour 202, 362, 604
Holly Cornell new head of Pacific Northwest Council 618
Kansas City Section host to Highway Conference 46
Maine Section host to Highway Conference 133

Metropolitan Section's Junior Members celebrate silver anniversary 133
New England Council's fifth annual conference 363
Tennesse Valley Section holds big annual meeting 47

Manuals
Manual on Sanitary Handfill available for review 449
Manual on Sewers

Staff
Marvin Schecter joins staff as Assistant Editor of Technical Publications ..Dec. p. 36
Otis Gouty joins ASCE headquarters staff 45

Student Chapters
ASCE commends Student Chapter work .. 448
Howard University host to student conference 534

Technical Divisions
Construction Division has new executive committee 947
Hydraulics Conference at Atlanta 449, 518
More research urged at Technical Procedure Conference 447
Structural Division's Committee on Electronic Computation sponsors conference . 769
Surveying and Mapping Task Committee on Status issues final report 872
Surveying and Mapping Division holds executive meeting 367
Wide coverage of applied mechanics marks National Congress 616
See also department, Division Doings, *in each issue*

TRANSACTIONS
Back issues available 947
1958 volume ready 947

ASPHALT
"Asphalt panels for economical reservoir lining," Louis R. Hovater 644
Discussion by T. William Lambe 857
"Asphalt resurfacing of an operating airport" (Ontario International Airport, San Bernardino County, Calif.), E. J. Woodward, Jr. 908

ATOMIC ENERGY
1958 Nuclear Congress in Chicago 203
Chicago Nuclear Congress draws civil engineers 364
Contract for building atomic merchant ship 64
Stone and Webster expand in nuclear field 291

ATOMIC ENERGY, Reactors
AEC lets contract for large reactor shell .. 289
Architect-engineer for consumers nuclear plant 801
Earthquake effects on nuclear power reactors 220
"Radiation barriers in a reactor plant," B. John Garrick 661
Shipping reactor vessel—mighty moving problem 558
Small sodium-cooled reactor dedicated in Calif. 62

AUDITORIUMS
"Cable-supported roof cuts stadium cost" (Montevideo, Uruguay), M. Schupack 249
"Cable-suspended roof for Yale Hockey Rink," Fred N. Severud 666
U. S. Pavilion at Brussels features cable-supported roof 553

BEACH EROSION
"Feeder beaches and groins restore Presque Isle Peninsula" (Lake Erie, Pa.), Loren W. Olmstead, Gerald A. Lynde 172

BEAMS
"Formulas for deflections of cantilever beam with variable section," Thomas D. Y. Fok 763
"Limited deflection of beam by chart," Thomas D. Y. Fok 524
Discussion by W. A. McCracken 671
"Moment distribution factors for tapered beams," J. M. Gere 597
"Spacing of vertical U-shaped stirrups in concrete beams," W. I. Barrows 522
"Ultimate flexural strength of prestressed-concrete composite beams," Kenneth Diao . 934

BID PRACTICE
Competitive bidding opposed by Bar Association 365
"Estimating and bidding on heavy construction," Eugene Rau 93
ICA to obtain engineering services by negotiation 684
See also ASCE, Bid Practice

BLASTING
"Controlled vibration in blasting at close quarters," Reuben Samuels 3
"Tunneling with rotary drills and millisecond delay blasting" (Chicago Filtration Plant), Ray Blasongame, Walter R. Law 184

BOLTS
"Rock bolting speeds Snowy Mountains project" (Australia), Thomas A. Lang 90

BOLTS, High-Strength
"Turn-of-nut method for tensioning bolts," M. H. Francke 31
Discussion by C. S. Morgenthaler 526
Author replies 526
"Watch your bolts," M. Zar 521

BRIDGES
"Adjustable forms for 149 Bridge columns" (Bridgeport, Conn.), James L. Calderella .. 123
Aluminum bridge tested at New York University 960
Aluminum in new form for bridges 800
Approaches for lower deck of George Washington Bridge 145
"A 62-foot prestressed concrete sewer bridge" (Hartford, Conn.), Arthur W. Sweeton, 3rd 198
"Big derricks erect steel for Toledo bridge" (Craig Memorial Bridge), Robert C. McDowell 902
Bosporus bridge to link Europe and Asia ... 148
Bridges in the news 707
Cantilever bridge to span Panama Canal 958
"Concrete set slowed down to step up bridge construction" (Wolcott Ave. Bridge, Hartford, Conn.), Gordon C. Limberg, M. Schupack 167
Discussion by John Makaretz 936
Connecting steel placed in Greater New Orleans Bridge 146
Continuous-girder bridge connected across Tennessee River 964
Contract awarded for Potomac River bridge 957
Derrick traveler used on Long Beach Bridge, on southern California freeway 627
"Designing steel bridges by computer," C. W. Zahler 341
"Electronic computers used in design of two double-deck tied-arch bridges," (Fort Pitt and Fort Duquesne, Pittsburgh, Pa.) Jerry C. L. Chang 850
Erecting Connecticut bridge poses problems . 384
"First welded aluminum girder bridge spans Interstate Highway in Iowa," Ned L. Ashton 761
"Greater New Orleans Bridge completed," O. F. Sorgentrei 432
Greater New Orleans bridge dedicated 957
"Longest plate-girder span in Western Hemisphere carries Turnpike through New Haven," R. M. Boynton 86
Mackinac Straits Bridge is dedicated 552
Most beautiful steel bridges opened to traffic in 1957 882
New approach system for George Washington Bridge 799
"New Manahawkin Bay bridges built for long life across salt water" (New Jersey), Lawrence C. Petersen 574
New Potomac River Bridge 556
"Prestressed concrete on Illinois Toll Highway structures," symposium by Van Buren and Zollman 419
"Prestressed concrete units featured in Ivory Coast Bridge" 741
"Railway bascule strengthened to carry extra-heavy loads" (Cleveland, Ohio), A. L. R. Sanders 269
"Raydist locates boring sites for Chesapeake Bay crossing," Allen L. Comstock, P. Z. Michener 512
"Solving spiral bridge geometries by computer," Jack Belzer 334
"The IABSE—its work and organization," Frank Baron 530
"The Yangtze River Bridge at Hankow, China," Yi-Sheng T. E. Mao 910
"Tied-cantilever bridge pioneer structure in U. S.," Homer M. Hadley 16
Welded aluminum bridge (Des Moines, Iowa) 68

BUILDINGS
Another skyscraper goes up in New York City 883
Astronomical clock moves protective louvers 802

CAISSONS

Caissons halt earth movement in Calif. 64
Discussion by John A. Lambie 271

CAUSEWAYS

"New sampler speeds design of 31,000,000-cu yd fill" (on Great Salt Lake Crossing), H. V. Anderson (Dec. '57)
Discussion by Wesley G. Holtz 200

CEMENT

Portland Cement Association dedicates new structural laboratory 957

CIVILIAN PROTECTION

First nuclear-age disaster shelter 960
"Low-cost blast-protection construction," Charles Curione 658

COLUMNS

"Circular columns analyzed by 'cracked-section' method," Harrison Kane and Joseph H. Moore 932
"Piles double as columns on Illinois tollway structures," Myers Van Buren 420
"Solving the secant formula for steel columns," Alfred Gordon 439

COMPETITIVE BIDDING

See Bid Practice *and* ASCE, Bid Practice

COMPUTERS, Electronic

"A revolution in design practice," Nathan M. Newmark 315
"Bridge piers designed by computer," E. M. Chafets, Eli Plaxe 337
"Choosing your digital computer," J. P. Nash 316
"Columbia Basin streamflow routing by computer," David M. Rockwood 348
Computer service made feasible for small firms 383
"Computers in the profession," Elmer K. Timby 324
"Computers shown at ASCE Chicago Convention," Steven J. Fenves 321
Discussion by Harold Oslick 527
Electronic Computation Issue of CIVIL ENGINEERING, May 1958 315-351
Electronic Computer Program Library 144
"Electronic computers used in design of two double-deck tied-arch bridges" (Fort Pitt and Fort Duquesne, Pittsburgh, Pa.), Jerry C. L. Chang 850
"Machines in home office make payrolls and keep costs for remote jobs," Frank J. McClean 327
New York City calls for computer service bids 383
Program of ASCE Conference on, in Kansas City, sponsored by Structural Div. Committee and Kansas City Section 769, 868
"Solving spiral bridge geometrics by computer," Jack Belzer 334
"Some applications of a digital computer in structural research," A. S. Veletsos 344
"Use of electronic digital computers in highway engineering," S. E. Ridge 330
"Ultimate flexural strength of prestressed-concrete composite beams," Kenneth Diao 934

CONCRETE

ACI holds 54th Annual Meeting 292
Concrete Industry Board elects officers for 1959 884
"Concrete set slowed down to step up bridge construction" (Wolcott Ave. Bridge, Hartford, Conn.), Gordon C. Linberg, M. Schupack 167
"Controlled-porosity concrete pipe dewaters dune sand," Florent H. Bailly 855
New A.C.I. headquarters—a showpiece in concrete 804
"TVA uses non-specification fly ash," George K. Leonard, Philip A. Schwab 188

CONCRETE, Prestressed

"Advances in prestressing reported at Third Congress of International Federation of Prestressing," David P. Billington 708
"An American engineer views precast and prestressed concrete in the Soviet Union," D. P. Billington 735
"A 62-foot prestressed concrete sewer bridge" (Hartford, Conn.), Arthur W. Sweeton, 3rd 198
"Growing pains in prestressed concrete buildings," Allen H. Brownfield 96
"Offsite prestressing solves tunnel approach problems" (for Lincoln Tunnel, Third Tube), Frederick C. Lowy 242
Papers available from World Conference on, in San Francisco 202
"Prestressed concrete for airfield pavements," Gunnar S. Pedersen 846
"Prestressed concrete on Illinois Toll Highway structures," symposium by Van Buren and Zollman 419
"Prestressed concrete slabs and shells," T. Y. Lin 757
Prestressed concrete studied at Chicago meeting 880
"Prestressed concrete units featured in Ivory Coast Bridge" 741
"Prestressed-concrete water tower in Orebro, Sweden," Kurt Eriksson 751
"Prestressed pressure pipelines for Athens Aqueduct," Peter J. Doanides 653
"Prestressing promises nearly joint-free concrete highways," Ben Morrell 570

CONCRETE, Reinforced

"Past achievement and future promise in basic research," Eivind Hognestad and Robert F. Blanks 827
"Reinforced concrete used for lightweight stretch forms," Ernest L. Buckley 764
"Spacing of vertical U-shaped stirrups in concrete beams," W. I. Barrows 522

CONCRETE, Thin Shell

"Prestressed concrete—slabs and shells," T. Y. Lin 757

CONSTRUCTION COSTS

"Estimating and bidding on heavy construction," Eugene Rau 93

CONSTRUCTION EQUIPMENT

Derrick traveler used on Long Beach Bridge, on southern California freeway 627
Impact of modern equipment on irrigation and drainage," E. A. Braker 506
Million-dollar display at Koehring equipment show 888
Suit may delay LeTourneau plans for manufacturing 459
World's tallest tower crane in action 799

CONSTRUCTION INDUSTRY

AGC dedicates new headquarters building ... 554
AGC selects new officers 884
AGC's 39th Annual Convention 222
Allis-Chalmers expands its research facilities 881
Fourth annual National Construction Industry Conference in Chicago 801
"Machines in home office make payrolls and keep costs for remote jobs," Frank J. McClean 327
Moles present heavy construction awards ... 230
New York and Idaho men honored by Moles awards 956
Stone & Webster revises foreign operations .. 800
"The engineer-contractor relationship," Herbert R. Falk 427
Workers win half million in collapse of crane 292

CONSTRUCTION MATERIALS

Adhesives and sealants in modern construction 145

CONSTRUCTION METHODS

Inflatable rubber bag expedites home erection 222
"Lift-slab construction for college dorm features precast concrete columns" (Arizona State College), Walter E. Riley 193

CONSTRUCTION VOLUME

Activity indicates record dollar year 706
Current volume reported 58, 218, 288, 382, 462, 554, 624, 798, 884, 956
New record set in 1957 144
Rise in construction outlays for 1958 forecast 58

DOMES

Balloons speed erection of aluminum dome building 61
Geodesic dome used for tank-car repair shop 630
Geodesic space lattice dome for ASM headquarters 555
Pittsburgh to have retractable stainless steel dome 801
Ten-story dome built without internal supports 386

DRAINAGE

"Pressure relief system tames Florida boil" (at St. Petersburg Sewage Treatment Plant), Byron J. Prugh 582

DREDGING

Manila Bay dredging project 68

DRILLING

"Electronic bore-hole camera for TV projection," Klaus John 197
Correction by Vernon A. Smoots 352

EARTH MOVEMENT

Giant spikes halt, in California 64
Discussion by John A. Lambie 271

EARTHQUAKES

Earthquake effects on nuclear power reactors 220
Earthquake-proof Mexico City skyscraper honored 460
"Mexico City's earthquake damage examined," Parts 1 and 2, J. H. Thornley, Pedro Albin, Jr. (Oct. and Nov. '57)
Discussion by Claude A. Fetzer 200

ECONOMICS
"Civil engineers and the law of supply and demand," Robert T. Howe 515

EDUCATION
ASCE education policy emphasizes graduate study 365
ASCE report sees engineer faculty costs tripled 461
